Regional Geological Setting of the Koidu Kimberlite Project

Koidu Kimberlite Project

Legend
- Major faults and lineaments
- Kimberlite pipes

Legend
- Lb Bagbe Alkaline Complex - Nepheline Syenite, syenite, granite
- Lg Liberian Granite - Biotite granite, porphyroelastic granite, granitoid
- Kambui Supergroup - Greenstone belts (Sula Mountains, Kangaa Hills)
- Kambui Hills, Nimini Hills, Gori Hills
- LG Porphyroelastic banded gneiss, pyroxene augen gneiss, mylonite
- Plg Migmatitic gneiss and granitoid
